

Mumbai; April 10, 2012: Reliance Communications today announced that it is evaluating a potential initial public offering and listing in Singapore of its subsea telecommunications infrastructure network business, through a Singapore business trust.

About Reliance Communications Limited:

Reliance Communications Limited founded by the late Shri Dhirubhai H Ambani (1932-2002) is the flagship company of the Reliance Group. The Reliance Group currently has a net worth in excess of Rs. 89,000 crore (US\$ 19.7 billion), cash flows of Rs. 10,900 crore (US\$ 2.8 billion), net profit of Rs. 3,600 crore (US\$ 0.8 billion).

Reliance Communications is India's foremost and truly integrated telecommunications service provider. The Company, with a customer base of over 158 million including over 2.5 million individual overseas retail customers, ranks among the Top 4 Telecom companies in the world by number of customers in a single country. Reliance Communications corporate clientele includes 35,000 Indian and multinational corporations, and over 800 global, regional and domestic carriers.

Reliance Communications has established a pan-India, next generation, integrated (wireless and wireline), convergent (voice, data and video) digital network that is capable of supporting best-of-class services spanning the entire communications value chain, covering over 24,000 towns and 600,000 villages. Reliance Communications owns and operates the world's largest next generation IP enabled connectivity infrastructure, comprising over 277,000 kilometers of fibre optic cable systems in India, USA, Europe, Middle East and the Asia Pacific region.
